

Board Goals 2018-2020

The Board identified these goals for emphasis in the next review cycle in September 2019. These goals will be reviewed during scheduled Board retreats or at the request of the Chancellor.

Goal #1: The Board will focus on student success and equity, guided pathways, and student retention of students in the District and shall make student success its highest priority.

Goal #2: The Board will discuss and consider enrollments, student-centered budgeting, operational efficiencies, and the proposed new State funding formula.

Goal #3: The Board will continue to support and closely review expenditures and audits on Measure M-funded facilities and technology.

Goal #4: The Board will continue to invest in state-of-the-art educational technology for the benefit and success of the District students.

Goal #5: The Board will continue to support effective and appropriate human resource practices for the benefit of the District.

Goal #6: The Board will maintain proactive and positive communications with District employees to encourage high morale.

Goal #7: The Board will hold regular Board study sessions and retreats to address future needs and direction of the District.
